Vana,
You have been
a very close
friend these last 2
years, and you have
helped me out of a lot
of rough spots. Don't
be surprised if I
drop in sometime
to say Hi. Always
Remember me. I will remember you
you're the coolest teacher up here.
I will miss your art class.
Love always.

Administration

High school graduation marks a beginning and ending for the seniors. It is the culmination of effort: by yourself and your parents to bring you to a point in life whereby you may begin charting your own course.

I hope you realize that your life is before you and that your success and failures will largely depend on the decisions that you will make. Each one should be considered carefully for it will influence your life. It is my wish that each of you is able to achieve happiness and satisfaction with whatever life offers.

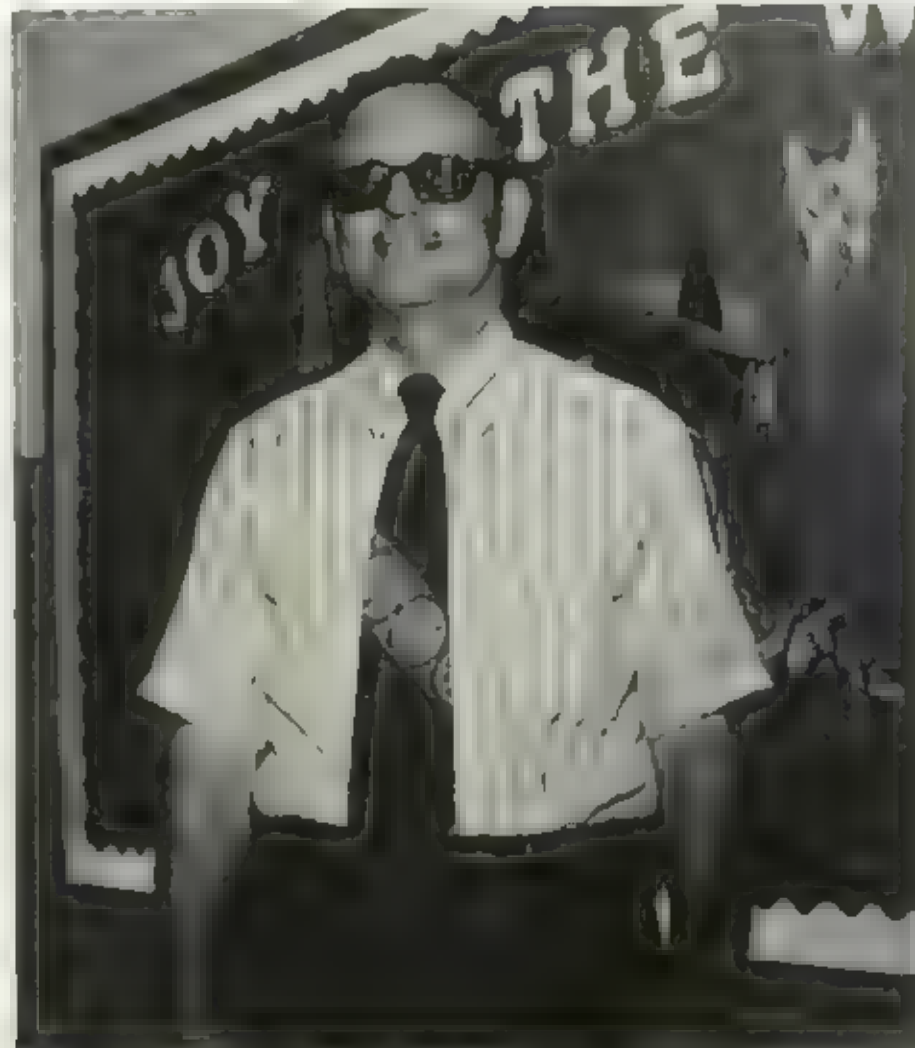

The last six years as principal of Curry High School have been rewarding and satisfying to me. I feel that we have made some improvements and that the course has been set to continue to improve. I appreciate the cooperative attitude that the student body, faculty, and community have shown in implementing our school program. I will always have a warm spot in my heart for Curry High School and for the many friends that I have made.

John T. Brown
Principal

People who have good attitudes usually overcome most obstacles to success in life

The students and faculty at Curry have both contributed greatly toward developing an "overall" good attitude at Curry High School. I take this opportunity to thank each of them for making our job more pleasant

Dedication
Mrs. Bobbie Nell
Dill*

We would like to dedicate our 1978-79 yearbook to Mrs. Bobbie Nell Dill. For most of us, she made the transition from elementary school to junior high school exciting. From this experience, she helped prepare us for high school. We feel we owe her this special gesture of appreciation. With deep love and great admiration we recognize you with this dedication

Mrs. Lucille Parnell*

We dedicate our 1978-79 yearbook to Mrs. Lucille Parnell. She takes time to present Democracy and Economics in such a way to make it simple to learn. Her witticisms and humor erase the tension throughout the day. We express our deepest appreciation and affection to a teacher who cares about us and whom we care about.
